Solidus Technical Solutions Receives 2010 Best of Leominster Award

U.S. Commerce Association's Award Plaque Honors the Achievement

NEW YORK, NY, May 20, 2010 -- For the second consecutive year, Solidus Technical Solutions has been selected for the 2010 Best of Leominster Award in the Software and Systems Engineering category by the U.S. Commerce Association (USCA).

The USCA "Best of Local Business" Award Program recognizes outstanding local businesses throughout the country. Each year, the USCA identifies companies that they believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and community.

Nationwide, only 1 in 70 (1.4%) 2010 Award recipients qualified as two-time Award Winners. Various sources of information were gathered and analyzed to choose the winners in each category. The 2010 USCA Award Program focuses on quality, not quantity. Winners are determined based on the information gathered both internally by the USCA and data provided by third parties.
